THE ANTEROS SESSIONS

The cross-roads of religion, culture and sexuality is faced by many people. Join us in our first *Anteros Session* where psychotherapist Mego Nerses touches on the intersectionality of religion as-well as those fleeing persecution and seeking asylum due to their sexuality.

Explore the definition of a Universalist Muslim with Shahla Salter and how spiritual love can be requited unconditionally. Talk and discuss with men from all different backgrounds and beliefs, as we look to learn from, support, and guide each other in moments of discovery and questioning.
