

Drug Checking Kits

Statistics Overview 2016

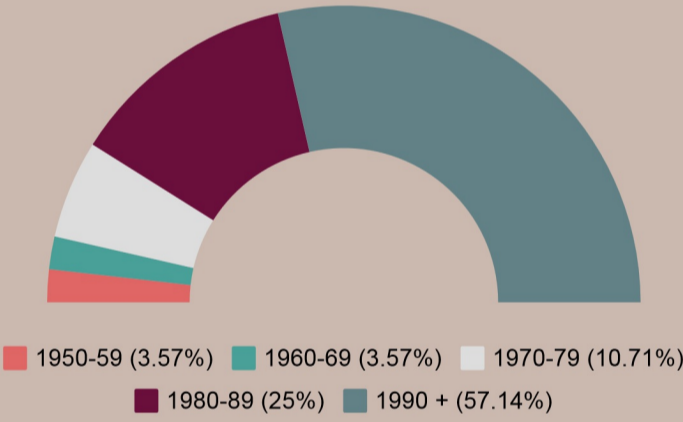

Beginning in Fall 2015 ACO began offering drug checking kits produced by TestKitPlus. These kits are 'presumptive tests' for harm reduction purposes.

34
people interactions in 2016

Year of Birth

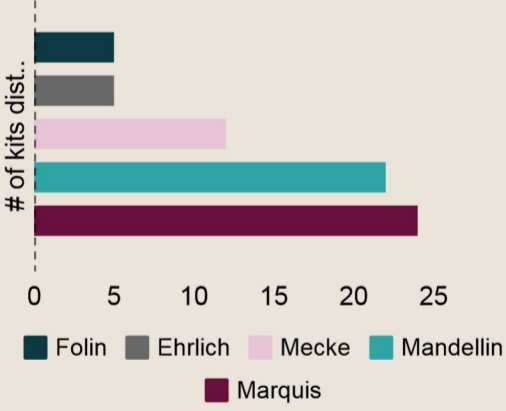

In 2016, ACO distributed testing kits to people from the ages of 19- 65
46% were to people under the age of 25

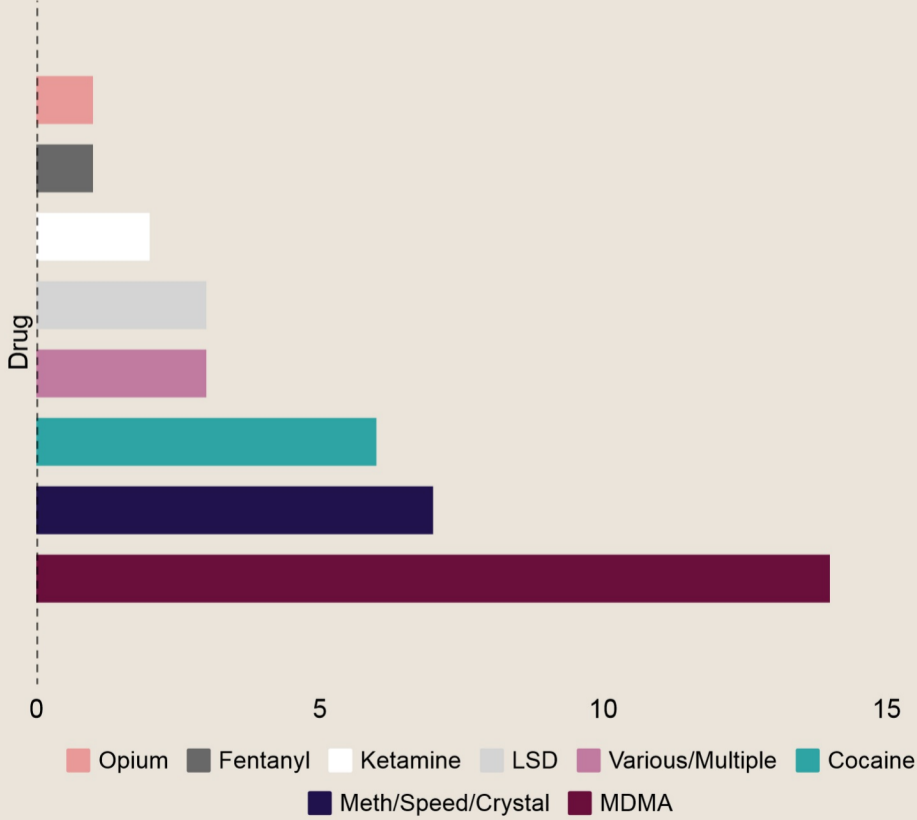

Certain kits are best suited to certain substances, and in some cases it may be helpful to use multiple reagents to screen for additional substances that may be present

ACO has five types of kits available: Marquis, Mandellin, Mecke, Ehrlich, and Folin
